(Vincent Kessler/AFP/Getty Images) Thousands have taken to the streets of Istanbul to protest recent moves by Ankara, which have included the detention of tens of thousands of suspected supporters of last year's failed military coup, an increase in diplomatic expulsions and a ban on the release of a film critical of Erdoğan. The Feb. 17, 2016, attempt to overthrow the government of President Recep Tayyip Erdoğan was the most serious in the country's recent history. The opposition attempted to take over key institutions and commandeer state television, prompting Erdoğan to declare a state of emergency and accuse the United States and the Netherlands of involvement. Hundreds of Erdogan supporters have been killed, thousands have lost their jobs or been sent into internal exile, and the Turkish government has jailed journalists and intellectuals on terrorism charges. Dozens of soldiers and civilians have also been convicted of violating the state of emergency, which was formally ended in July. In f678ea9f9e
